

What are the Peeps?

Peeps is the name bestowed upon a new scientific preparation put up in tablet or pill form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles generally.

Did it never occur to you as peculiar that when you have a cough or a cold, or any chest trouble, you should apply medicine—not to your lungs, but to your stomach?

Look at the other way round. Suppose you suffered from some stomach complaint—indigestion or flatulence. How strange you would think it if you were asked to take a medicine which had its life-breath in the stomach, but not to your stomach, but to your lungs and breathing passages?

There is no connection between the stomach and the lungs (see diagram below) and when for a cold or a cough or any chest complaint you take some medicine, such as liquid cough mixtures, syrups, lozenges, which go not to your lungs, but to your stomach, you are wasting time.

Peeps is the newest remedy for coughs, colds, and lung troubles—goes to the lungs and breathing-passes, direct. Peeps are really fine fumes and certain highly beneficial medicinal extracts specially prepared by a new scientific process and then condensed into tablet form. It is like making a breathable gas solid!

You put a "Peep" on your tongue and it dissolves. As it does so the healing essence it contains runs into your veins, and you breathe the fumes direct to your lungs and air passages!

These healing essences pass down your breathing-passes, reaching the inflamed surfaces, which are not liquid or solid matter can ever reach. In breathing these fine fumes, and carrying them down, you breathe health and healing wherever they penetrate.

These fine strengthening, pleasant fumes, so liberated from the dissolving Peep are not only healing in their operation, they are antiseptic. They kill the germs of consumption, catarrh and other diseases, and varied throat and lung troubles so common today. Peeps are the fumes from nature's fine woods—get direct to the lungs and chest, and give instant relief to colds, light coughs, chest chills, etc. In short, Peeps bring pine forest air to your lungs!

You have a nasty cold, cough? Take a Peep before going to bed—your cough will not trouble you. Your lines are a little weak, and going into the morning into the cold air outside makes you cough? Just before going out put a Peep in your mouth—there will be no coughing! Your throat feels "stuffed" and your chest feels tight, and your breathing troubles? Peeps will put matters right for you very quickly.

Peeps, while gradually turning to vapor as soon as put into the mouth, will retain their goodness indefinitely if kept dry. Each little Peep tablet is packed in an air-tight wrapping, which is easily removed, and they are packed in neat little packets. They are not sticky (the minister or public speaker can carry a few loose in the vest pocket), they do not spoil the appetite and ruin the digestion, like cough syrups and mixtures do and they do cure coughs, colds and lung trouble!

Just as the outdoor treatment for consumption—the "Climatic Treatment"—is now admitted to be the only rational treatment, so the "Peeps" treatment for colds and lung troubles is the only rational home treatment.

Peeps cure catarrhs, coughs, bronchitis, sore throat, light colds, and all chest ailments, directly reaching across the chest, difficult in breathing, asthma, cough, hoarseness, asthma, laryngitis, smoker's throat, etc. Used for children because free from opium, morphine, or any poison.

All druggists and stores sell Peeps at 60c a box or 3 for \$1.25. Send four dealer be out of stock order direct (post paid) from Peeps Co., 100 West 1st, Toronto, or 52 Princess St., Winnipeg.

FREE TRIAL.—The proprietors wish this great discovery to be widely appreciated, and have decided to offer a free trial packet to all persons who would like to test this unique remedy. Cut out the coupon, write your name and address, and mail it to Peeps Co., Toronto, or 52 Princess St., Winnipeg.

I send you to pay for trial packet. A free trial packet of Peeps will be sent to you immediately. If you have a friend suffering from a cough, cold, or any chest trouble, send him one.

FINANCE MINISTER IS CRITICIZED BY RODOLPHE LEMIEUX

Says White Impaired Reputation of Canada on London Markets.

WILL HAVE BUSY SESSION TODAY: NINE TO SPEAK

Vote on Opposition Leader's Speech Likely to Be Taken.

Ottawa, Jan. 27.—In the vote on Sir Wilfrid Laurier's amendment to the throne in reply to the speech from the throne taken today it will be after a late session of the house. Either that or some of the members who are down on the list of those who intend being heard will abandon the idea. When debate was resumed yesterday afternoon there remained 12 members who desired to talk. Of these three were heard, leaving a list of nine speeches for tomorrow. Those who spoke today were Mr. Lafontaine, (Montreal), Mr. Broder, (Dundas), and Hon. Mr. Lemieux.

Mr. Lafontaine criticized the government for nearly three hours in French. He asked for more consideration and protection for the tobacco growers of Quebec, and charged that there had been gross corruption in the Chateauguay election.

Mr. Broder speaking as an Ontario farmer, was opposed to the free food policy of the opposition and the request that the western farmers for free wheat. He said that the problem of the high cost of living was a problem of the mode of living and of production. It would be better, he said, for the western farmer to go in for mixed farming than to ship all his wheat and the by products of the wheat out of the country.

Hon. Mr. Lemieux declared for the taking away of all duties on food stuffs and the immediate concession of free wheat for the west. He criticized the financial operations of Hon. A. White, minister of finance, saying that he had impaired the reputation of Canada in the London market. He got into a brief dispute with Mr. Stevens, Vancouver, and Hon. Mr. Melchin in regard to the question of unemployment in Vancouver and Regina. Towards the close of his speech Mr. Lemieux dealt in a bantering tone with the experience of the minister of militia.

Hon. Mr. Pelletier moved the adjournment and will speak first today. Hon. Mr. Pelletier will meet in caucus in the morning.

QUICK ACTION TO BE TAKEN TO STAMP OUT HOG DISEASE

That quick action may be taken to stamp out the disease among hogs, the safety and health committee of the legislature, after a long session, and after the matter over with Dr. Whitford and Prof. Inspector Haworth, finally decided to refer the problem to these officials with instructions to get into communication with the provincial and Dominion health inspectors as to what extent the governments will co-operate in stamping out the disease. The health department will also report back to what it recommends in the matter of the local refuse which it is thought is responsible for the disease.

TEMPERANCE AND MORAL REFORM LEAGUE PASSES RESOLUTION SUPPORTING OFFICER.

MASSIE IS CRITICIZED

Divine Thinks Evidence Against Clubs Was Strong Enough for Conviction.

At a meeting of the Edmonton branch of the Alberta Temperance and Moral Reform league, held last night, some spirited debates were heard on civic and other questions, the most important being the rumored dismissal of Chief of Police Carpenter. The meeting was held in the ladies' parlour of McDougall church. T. H. Miller and Prof. Bland were selected to present to the city council a resolution in favor of the retention of Chief Carpenter.

Another petition will be prepared and sent to the attorney general, protesting against club licenses.

The recent findings of Police Magistrate Masie came in for severe criticism, especially in the case of the three clubs that were raided prior to election. Rev. A. W. Coote stated that he had carefully perused the evidence and found that it was overwhelmingly in favor of the prosecution of these men.

Another matter which was roundly scored was the further granting of club licenses. These were declared to be the menace of the community and a strong plea made for their curtailment.

T. H. Miller who is president of the league made a lengthy address in which he referred to civic life and some of the menaces that are now apparent. The league secretary, Mr. J. B. Miller, also spoke, and the club licenses were then dealt with by the speaker.

In speaking of Chief Carpenter, Prof. Bland said that he knew him in Montreal, that he had watched his work in the city and in spite of all that has been said he believed him to be a man of high character and integrity. He said that there was no more effective department in Canada than the Edmonton police force under the direction of Chief Carpenter and Assistant Chief Davis.

Rev. K. A. Aldrich supported the attorney general, saying that he had granted no licenses to clubs that were not incorporated. He said that several numbers of the legislature had spoken against the licensing of clubs but that they had not received the support of the league or any other body.

A resolution expressing confidence in Chief Carpenter was then drafted and this will be presented by a strong delegation to the city council tonight.

PRISONERS MAKE SMART ESCAPE FROM SOUTH SIDE STATION

What is considered to be one of the most daring escapes, was made about 8:30 o'clock this morning, when two prisoners, temporarily confined in the south side police cells, got away.

Prof. Bland and Mr. J. B. Miller, two men recently committed for trial by Magistrate Masie, on a charge of theft, were confined in the cells. They were released on a charge of stealing two fur coats and a gold watch from William Cameron of the Leeland hotel. Young was arrested in Wetaskiwin on the order of the Edmonton police who were told him here on a charge of stealing a fur coat from Mr. Johnson of the Dominion Express company.

The men had been placed in the south side police station for safe keeping until the time of their trial, as the mounted police have refused to take more prisoners on account of the overcrowded state of their jail. This is attributed, by the police, as one of the reasons for the escape. The men were held in the cells for a few days on a charge of stealing two fur coats and a gold watch from William Cameron of the Leeland hotel. Young was arrested in Wetaskiwin on the order of the Edmonton police who were told him here on a charge of stealing a fur coat from Mr. Johnson of the Dominion Express company.

An investigation is being held in the No. 1 police station today to see who is responsible for the escape. The men were held in the cells for a few days on a charge of stealing two fur coats and a gold watch from William Cameron of the Leeland hotel. Young was arrested in Wetaskiwin on the order of the Edmonton police who were told him here on a charge of stealing a fur coat from Mr. Johnson of the Dominion Express company.

Heart and Nerves Were Bad. Could Not Sleep.

To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor all night, or who jump the heart action all wrong, and whose eyes sleep will not revive. Milburn's Heart and Nerve Pills offer the blessing of sound refreshing slumber, as they restore the equilibrium of the deranged nerve centres and correct the wrong action of the heart.

"Just a few lines to let you know what Milburn's Heart and Nerve Pills did for me. My heart and nerves were so bad I could not sleep, and the least noise or excitement would make me feel so they tried to think I was going to die, and I would tremble until I could hardly stand. I took doctor's medicine, but it did not do me much good. At last I tried Milburn's Heart and Nerve Pills, and certainly say they did me a great amount of good. I can recommend them to anyone who is suffering as I was."

Milburn's Heart and Nerve Pills have been on the market for the past twenty years, and have done more to steady nerves and strengthen weak hearts, than any other known preparation. Price, 50 cents per box, or three boxes for \$1.50, at all dealers, or mailed direct at a special price by The T. T. Milburn Co., 111-113 Toronto, Ont.

SCOTLAND'S SONS NOT FOR MEMORY OF A LUSTROUS BARD

(Continued.)

Referred to Strathcona.

The chairman, before making the above statements and calling on Rev. J. McGeown to reply to the toast of the Immortal Memory of Robert Burns, referred to the death of Lord Strathcona, who had just been laid to rest a few hours before, reminding his hearers that he was a great Canadian and also a great Scotchman.

Mr. McGeown said that one must be born in Scotland and make a life study of Burns to fitly respond to the toast of his immortal memory. He had heard that the committee had been invited on asking him to do it, and that things had come to a pretty pass when an Irishman had to be secured to reply to the toast of the British Catholic mother and the Irish Protestant father of a young man who had been engaged by a Hebrew and had died. There was a quarrel as to whether he should be invited as a Catholic or a Protestant minister, but the problem was solved by the employer offering a free burial place in the Hebrew cemetery, which offer was accepted in the belief that it was the last place where the dead would look for a Irishman.

He assured them, however, that he had not a drop of any other blood than Scotch in his veins, save that which, perhaps, had been impregnated by the air of Canada, where he had been born and raised.

Lesson From Burns.

There were some things which initiated against the success of Robert Burns, and he did not accomplish as much as one would expect from a man of his remarkable genius. We should gather lessons from his life, from his love affairs, and his poem to Mary in Heaven on burning of her death. He was heterodox in religion, another thing which brought on some of his failures.

Regarding his gigantic success, a man with more honest principles never achieved. He was never satisfied by his friends, and often forsook the halls of the great to attend his friends of earlier years. He gave an entirely new turn to poetry, as instead of going far away for his themes he took them from every day life around him, and inspired them with his poetic fire and magnetism. Mr. McGeown believed that one lesson that should be learned was that the right way to drink was to Burns with clear, cold water. Burns had more influence on a people than have, and the songs and poems of Burns had wielded a tremendous influence on the Scottish nation. John, Prince of Wales, once said to speak the crowd sang "For he's a jolly good fellow," by which also the foreign speakers were greeted.

Mr. Marshall said that he was suffering under a severe headache in following such a splendid address as he had just heard. He had not partaken of the "spirit" of Burns as a full bottle song, he believed. As it was a Scotch gathering he would vary his theme a little. Instead of the "Land We Live In," he would speak of what Scotland has done for the kind we live in. "They took this night to speak 'About Our Own Self'."

Great Scotch Canadian.

He mentioned some Scotch Canadian statesmen such as Sir John A. Macdonald, Alexander MacKenzie, George Brown and Lord Strathcona, but would speak at length of the men who told the Scotch immigrants to Canada had found such wide success in the new world, he believed, because they took the land and went to it here. "You Scotchmen," he said, "are the only people who have the power of self-reliance to an eminent degree, in Scotland the plowman was as good as the lord because he drove sheep."

The Scotch also had ability to keep their own counsel and mind their own business.

"Another characteristic trait of the Scotch," said the minister of agriculture, "is their manner of drinking. Wherever they settle the first thing they do is to build a schoolhouse. This, I believe, was fostered by the fact that the Scotchman in this way did more for his native land than even by his religion. The Scotch are also in

Stomach Trouble Due to Acidity

SO SAYS EMINENT SPECIALIST.

So-called stomach troubles, such as indigestion, wind, stomach-ache, and flatulence to retain food, are in probability nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling which is known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the food. Such fermentation is unnatural, and such formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid and render it bland and harmless, a teaspoonful of bisulphate of magnesia, probably the best and most effective corrector of acidity known, should be taken in a quarter of a glass of hot or cold water immediately after eating, when the feeling of acidity is felt. This stops the fermentation, and neutralizes the acidity in the stomach. Fermentation of food and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper remedy, such as bisulphate of magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly, without being hindered by poisonous gas and dangerous acidity. M. F. P.

HOW TO ASCERTAIN IF YOU HAVE CATARRH

Look for Symptoms of This Treacherous Disease in the Following List.

- "Is your breath bad?"
 - "Is your throat sore?"
 - "Do you cough at night?"
 - "Is your voice raspy?"
 - "Does your nose stop up?"
 - "Have you nasal discharge?"
 - "Do you snore or phlegm?"
 - "Has your nose a tickling feeling?"
 - "Have you pain across the eyes?"
 - "Is your throat irritable, weak?"
 - "Do you sleep with mouth open?"
 - "Are you subject to sneezing fits?"
 - "Do your ears roar and buzz?"
 - "Are you liable to deafness?"
- If you have any of these indications of Catarrh, cure the trouble now—stop it before it gets into the lungs or bronchial tubes—then it may be too late. The remedy is "Catarrhine," a direct blood-purifying cure that places atmospheric balsams and foreign matter on every spot that is tainted by catarrhal germs.
- "No one can know better than I the enormous benefit one gets from the very first day's use of Catarrhine," writes T. T. Hopkins, of Westvale, Pa. "I had for years a stubborn case of bronchial catarrh, ear noises, headache, sore eyes, stopped-up nose and throat. It affected my appetite and made my breath rank. Catarrhine cured me quickly."

the main a thrifty people. It was not necessary to discuss thrift in this gathering, but if there had been a wider application of Scotch thrift in this country during the last two or three years, there would have been no suffering from what they call hard times today. Of course, there are times when Scotchmen are not thrifty.

Necessary in New Country.

Mr. Marshall's address was interspersed with stories which convinced his hearers in longer and shorter quotations from Burns which fitted into the subject matter very appropriately. The Scotch are a people of high social and integrity to a high degree, things that were particularly noticeable in his address. He was also religious, almost superstitious, and he would be better if more were this way in this age of commercialism.

Then Mr. Marshall passed briefly into that subject he knows and loves, the future of the Scotch in Canada. He has the happy faculty of always making interesting to any kind of audience, one that they had not heard of. He developed on the banks of the Clyde were the standard of the world, and the Scotch were the people of perfection in milk cows, while Pott's Angus cattle from the Scotch were the standard of the world. He also mentioned the Scotch in the whisky business, having won the blue ribbon year after year at the Chicago show, the greatest livestock show in the world.

Scotchmen were loyal and above everything else loved freedom, and Canada presented a great field for this trait. It was thus largely due to Scotch Canadians that this dominion was the freest and most liberal of the world, and the Scotch have been the standard of the world. The last peculiarity of the Scotch he dealt with was their sense of humor. A Scotchman or anybody else who could not laugh at his enemies or at himself occasionally was not getting the best thing there was in life.

Consented to be Toast.

J. McGeown, president of the St. Andrew's Society of Edmonton, responded to the toast of the Land We Live In. Mr. Marshall, who had been half of the wind out of his sails, and he felt like the Irishman in a Scotch Presbyterian congregation who consented to be the toast in order to have the service proceed, as the minister had stated that all of his flock were present.

He did not think that one had to be a native Scot, or even have a drop of blood in his veins, to appreciate Scotch land and Burns, while the Scotch themselves could not forget the land from whence they came. Any man who had a drop of Scotch blood in him, or a sailor could forget the sound of the waves. Mr. Marshall, who went to the Scotch in his life, showed how the Scotch had been leaders in all industrial, financial, scientific and literary pursuits. A Scotchman had started the Bank of England, another the Bank of France, probably the two greatest institutions of their kind in existence. The splendid Canadian banking system had also been copied from Scotland, and Scotchmen were largely at the head of Canadian banks today.

Scotchmen Are Everywhere.

Without, as he said the attorney-general at any other religions, he referred to the rise of the Presbyterian church, tracing it through the trials and tribulations of its triumph. From a military standpoint the Scotch were supreme, and wherever they went they won. Whether on the South African veldt, the plains of Waterloo or in the armies of North America, they were the blood of Scotchmen.

Hon. C. W. Cross created a furor when he stated that some others in the room had taken the precaution to be so thoroughly Scotch as to be born on St. Andrew's day. His toast was "The Province of Alberta."

"I came into the world to the tune of 'Garry Owen,' the general, and I have been attending Scotch celebrations ever since."

He then proceeded to continue, "I moved the relative center of population from the east to the west. Only a few years ago the center of population was in the east, but now it is in the west, there seems to be gaining ground a splendid Scotch settlement. A few years ago only the United States of America had any Scotchmen, but now it is in President Wilson's cabinet. But in President Wilson's cabinet. But

The Hudson's Bay Company

INCORPORATED 1670 HERBERT E. BURRIDGE, STORES COMMISSIONER

now times are changing. Instead of Canadians going south, Americans and ex-Canadians are coming north. That is because of the development of the west. There is not another province in Canada which has its capital city so far as 350 miles from the boundary line, as we have here.

No Doubt About Future.

"Ten days ago I made a trip to the Peace River country, and if I ever had any doubts about the future of the land, now I have absolutely none. For years the Indians have been telling us about the country, and now we have seen it. It is a beautiful river. Eight hundred miles of it is navigable. The Indians tell us that one can travel down the river in a canoe, and I believe that anyone who sees that mighty river will be proud to ever be of the land."

"Today a new thought is coming over the world," he continued, "which makes us wonder as to why and how we came here, and let me tell you that woman is given a tremendously important place therein. By the tender love of offspring woman has endeavored herself to us and engendered in all of us a feeling of brotherhood. When you think of this, remember your wife, sister or mother, who is taking the most important part in the progress of the human race."

Other short speeches were made by W. R. Lea, for the legal profession; Dr. P. H. W. MacQueen for the medical; Dr. D. G. McQueen for the ministry; and by representatives of the daily press.

On account of the banquet being held in the dining room instead of the auditorium, the Highland Fling scheduled to be given by D. McLean had to be dispensed with. Two songs were also left out on account of the late (or early) hour, but as introduced by P. K. McGregor and a reading of his own Burns by Robert Anderson, a Scotch Canadian residing in Edmonton, made the program as long or longer than originally intended.

An Enjoyable Program.

Strachan's orchestra supplied the music, which was thoroughly enjoyed even by those not Scotch, while songs by A. Holmes and W. J. Hendra also brought forth loud admiration. T. M. Miller rendered that masterpiece of Scotch philosophy and humor composed, "Tam o' Shanter." The only other thing the city needed was cheap power and through the Ad Club they would have it, he thought, very soon, by developing the gas from the southeast. He believed the good Burns, so he loudly and insistently

encouraged that he had to come back with the melodious "Breakfast in Your Bed on Sunday Morning," in which every body joined in heartily. He also rendered that stirring patriotic song, "Scots Wha Hae." Mr. McGregor was the winner of the gold medal at the 1911 football here.

The menu, of course, contained the inevitable haggis, oat cakes and Scotch dishes, also roast halibut, jock (turkey), cockie hekkie (chicken), neep (turnips) and barley rice (Scotch potatoes).

SOUTH SIDE BURNS' CLUB CELEBRATE THE IMMORTAL MEMORY

Many Burns' anniversary banquets throughout the country last night may have been more largely attended, but it is safe to say that there were none more enjoyable than that held by the Cameron House Burns Club in the Cameron House dining room. From the moment Piper McKeown played in the haggis until Aunt Liza Syne was sung, there was not a dull moment. Scotch songs, recitations and witty speeches being the order after an excellent repast. The banquet was essentially Scotch, as a glimpse at the menu, which was as follows, would indicate:

When a man with the literary attainments of Balfour Kipling plays the piano, there is no chance of a world of "The Host" and "The Press." The speakers were George C. Valens, J. H. Forbes, D. McIntyre, J. Ross, M. McCordale, and J. McKenzie.

During the evening, and orchestra gave several excellent selections, and the songs of J. Leatham, J. McKenzie and F. Jones were greatly enjoyed.

both being hidden beneath the laurel wreath of immortality. A number of years ago a famous American, none other than Robert Ingersoll, during a visit to the British Isles visited Burns' cottage in Ayr, and while under its roof was inspired to say the following tribute which has never yet been published:

"Though Scotland boasts a thousand names
Of patriot king and peer,
The noblest, grandest of them all
Was loved and cradled here.
Here lived the gentle peasant prince,
The loving Cotter's King,
Compared with whom the greatest lord
Is but a filled thing."

"The last a root rooted in with straw,
A hovel made of clay;
One door shuts out the snow and storm,
One window greets the day.
And yet I stand within this room
And hold all thrones in scorn.
For here beneath this lowly thatch
Loves sweetest hand was born."

Within this hallowed host I feel
Like one who clasps a shrine,
When the glad lips at last have touched
The something deemed divine.
And O the world through all the years,
So long as day returns,
The tribute of its love and tears
Will pay to Robert Burns."

The other toasts proposed were "The Land we Live In," "The Land We Live In," "Native Born Canadians," "The Host," and "The Press." The speakers were George C. Valens, J. H. Forbes, D. McIntyre, J. Ross, M. McCordale, and J. McKenzie.

During the evening, and orchestra gave several excellent selections, and the songs of J. Leatham, J. McKenzie and F. Jones were greatly enjoyed.

"CASCARETS" THE BEST LAXATIVE

If constipated, bilious, head-
achy, Stomach sour—Clean
up tonight!

Get a 10-cent box now.
You men and women who can't get
feeling right—who have headache,
constipated bowels, foul taste and foul
breath, dizziness, can't sleep, are
bilious, nervous and upset, bothered
with a sick, gassy, disordered stomach,
or have backache and feel worn out.
Are you keeping your bowels clean
with Cascarets, or merely forcing a
passage every two days with salts,
cathartic pills or castor oil?

Cascarets work while you sleep;
cleanse the stomach, remove the sour,
undigested, fermenting food and foul
gases, take the excess bile from the
liver and carry out of the system all
the constipated waste matter and
poison in the bowels.

A Cascaret tonight will straighten
you out by morning—a 10-cent box
from any drug store will keep your
stomach sweet, liver and bowels regu-
lar, and head clear for months. Don't
forget the children. They love Cas-
carets because they taste good—never
nausea or sicken.

GOVERNOR ORDERS BABY DEPORTED BY ARMED SOLDIERS

Montreal, Jan. 27.—The governor of
Quebec has made him a decree by
ordering the deportation of a two-
year-old boy under the escort of armed
soldiers.
The child is the son of a Jewish
woman who was deported a few
days ago. Owing to the boy's delicate
health, his parents left him with
friends, but under the pretext that
Jewish children must not live without
their parents outside a certain pre-
scribed area, the governor, ignoring
all previous appeals, ordered the baby to
be sent away under military escort of
soldiers with fixed bayonets. This
implies travelling with criminals in
rough conveyances and sleeping in
prisons en route until the infant
reaches his parents.

The Damsel.

Mr. and Mrs. J. H. Morris were the
hosts of a delightful "The Damsel"
given in the Blue Moon tea room yester-
day afternoon. About 60 of the
young dancing set had a jolly good
time, doing as merrily as the new steps
as they could remember, in one after-
noon.

The tea table was prettily decorated
with pink and white carnations and the
menu was excellent.

Mrs. Morris wore a lovely afternoon
costume of black satin with a bridge
coat of cream chiffon with delicate
black embroidery and a purple hat with
plumes.

Miss Maxine Morris had on a very
modest frock of corse charmeuse with
frills of lace about the bodice and a
small black hat.

Dancing was kept up until nearly 7
o'clock.

Peace Centenary Meeting.

A meeting was held in the Industrial
Commissioner Hall's office in the city
last night, when a number of repre-
sentatives of local societies gathered
to discuss the organization of the
peace centenary.

The last meeting of the committee
was held in October when a nomi-
nated committee of G. M. Hall and John
Blue was appointed with power to lead
to the members.

They added Rev. J. E. Carrothers, M.
R. Jennings and Mrs. Murphy.

The committee sent a circular
letter to all patriotic societies in Ed-
monton asking them to appoint repre-
sentatives and many were granted
from women's societies as well as
men's patriotic clubs.

The committee were: Hebrew Ladies'
Aid Society, Daughters of the Empire,
Alberta Women's Society, Women's
Equal Rights Society, Sons of England
and the 10th Alberta Dragoons.

The following officers were elected:
James Ramsey, president; vice-presi-
dent, George S. Armstrong; secretary,
George M. Hall.

A committee of twelve was appoint-
ed to receive suggestions for the cele-
bration.

The committee is as follows: Lieu-
tenant Governor Bulyea, Chief Justice
Harvey, Mrs. McNamara, His Worship
Mayor McNamara, Dr. Torg, Mrs.
Munphy, Dr. Dyde, Hon. W. Green,
A. F. Ewing, M. R. Jennings, Dr.

ELEVEN-YEAR-OLD GIRL CONSENTS TO WED AGE

Willesbarre, Pa., Jan. 27.—The county
authorities yesterday prevented the
marriage of a nine year old girl, and an
11-year-old boy, who had consented to
wed the man in order to give her in-
jured father a home and necessities of
life.

RECEIVES BULK OF ES- TATE IN 7TH WILL

It was stated that the Keystone "Zu-
zu" the Band Leader was the "great-
est" film released today and the hit
it made with last night's audience
seemed to corroborate this statement.
The funny Keystone comedy "Zu-
zu" have made many evening theatre-
goers to stop of their own accord. With
out a doubt it was the best picture
seen at the Empire.

Another of the star features on this
program is a strong railroad drama
"The Switchman's Mistake." The many
stirring episodes in this story are ex-
cellently shown in realistic fashion.
Many of the scenes are wonderful to
imagine.

WESTERN CANADA LEAGUE MEETING : CAPITALS BEAT ATHLETICS BOWLING : TOMMY BURNS WON

STRATHCONAS SPRING SURPRISE BY DEFEATING PENNANTS LAST NIGHT, 3-2

Was Their First Win and First Loss for Pennants—South-Siders Greatly Improved—Varsity Now Has Chance for Tie—Pennants Led at Half Time.

Showing their best form to date, the Strathconas sprung a rather welcome surprise at the second half of the night's hockey, by beating the Pennants 3 to 2, and entering the first win of the season in the Northern Provincial League. The game was closely contested throughout, the half time score being 2 to 1 in the Pennants' favor. The Strathconas evened up after two minutes' play in the second half and scored the winning goal after 22 minutes' fast and furious hockey.

The defence of the Strathconas showed great improvement and were greatly responsible for the victory. Sam Hamerton in goal played a "white" game, and Dickson and Lavelle were continually intercepting the attacks of the Pennant forwards. Lavelle also brought glory to himself by scoring the winning goal.

Little combination was used, the forwards of both teams relying more upon their individual end-to-end rushes. Many brilliant plays were pulled off, only to lose the puck when within a few feet of the net, or the shot to go wide of the keeper.

Of the two goalkeepers, Hamerton of the south-siders, was first home. The goal was kept off by "Doc" Wilson, and blocked dozens of hard ones by spectacular work. On the other hand, Dickson got lucky. Twice the rubber struck the goal-post, and once was in the net, but just a second after an off-side was called.

It was the Pennants' first loss this winter and no doubt came as a big surprise to both the players and their supporters, but in justice to the winners, it must be said, that they played a great game, and on the merits of the play, deserved to win. Of course, the Pennants don't believe this, but it is a fact nevertheless. They were crooked harder than ever before and the Strath-

conas' forward line was continually breaking through the defence. The play was a splendid exhibition of period, clean hockey, but in the second half, the Strathconas showed a "stiff" back-checks and other rough tactics. Most times it was a case of "let the man" first, and the puck afterwards; and we must say, it worked effectively.

First Half
Jimmie Steel drew a penalty after five minutes of play, and it was not long until Jackson scored the first goal for the Strathconas from a scramble near the goal. Two minutes later, Parsons was given a rest, when he played Hamilton, on a charge down the ice. Hamilton forwards broke through, and Donohue made a great stop, but Donohue failed in the rebound. Two minutes, Score 1 all. Hamerton had a great chance when he broke through the south-side defence, but Hamerton met him at the net, and he sprang him. The Pennants forced ahead after 12½ minutes play, Jimmie Steel doing the trick. The last ten minutes of the first half, Hamilton was kept very busy making difficult stops at hard shots.

Second Half
It took the Strathconas just 1½ to even things up, on a nice rush from centre ice. This goal was really the result of a collision between "Doc" Carmichael and Olmstead. When the puck was scored, Russell and Parsons were hitting a tremendous pass and Lavelle broke away for the winning goal. The score of the evening, in the last three minutes of the play, the Pennants pressed hard, but the south-siders managed to keep them well enough out, and the game ended, with the score of 2 to 1 in favour of the Strathconas.

Chance
By the turning of the tables last night, Varsity is now one more chance to make a tie in the league for the place. If they can trim the Strathconas, they will then be on a par with the Strathconas. The game, of course, remains to be seen, as the Strathconas showed by their play last night, that they are a much improved team. The great work of Lavelle has added much to their team, and from now on they will be a hard team to beat.

Late in Starting
The smallest crowd of the season was on hand to witness the game. This was probably due to two causes. First, the big Dominion-Chinooks game, and secondly, the fact that the game was not being advertised as a great deal of attention, and many will not see it. Secondly, (and this is none of our business) the admission price of fifty cents is too high. Many people rather wait for the Wednesday night game and see better hockey for the same price of admission. Let to change "two-bits" and get twice or three times the crowd—what? And, for the love of Mike, get the game started on time. If the game is called for 8 o'clock, then start it at that hour, and not 8:30 as was the case last night. Especially when there is another game to follow.

IMPORTANT GAME TOMORROW NIGHT: DOMS. CHINOOKS

Championship Hinges on Result of Game Tomorrow Night at Arena.

There is bound to be something doing tomorrow night at the arena when the Dominions and Chinooks meet in the most important game of the season. Its importance lies in the fact that the two teams are now tied for first place, each having won three and lost one game, and the winner of tomorrow night's contest will take a big leap toward the championship. Now the old championship mug has got to be won, and in this battle the team up to the Dominions to come through with a win tomorrow night, to make this possible.

Manager McKenzie is taking no chances, and last night put his team through a strenuous practice for an hour says that the men are all shaping up better every day. They are taking an interest in their work, have cut the "smoke" entirely, and are turning out every practice. The Chinooks are not to be laughed at, and will be depended upon to bring north their strongest lineup.

The Dominions will use their same old team, which is good enough for any company in this or any other league in Western Canada. One of the railroad companies called up Manager McKenzie yesterday and quoted him prices, and asked him to arrange the trip to Winnipeg where the Allan cup is being contested. The Allan cup, I think we may all feel sure it is, to happen.

The big game at the arena will be called at 8:30, reserved seats are now on sale and rush seats tomorrow morning.

TODAY IN PICCOLISTIC ANNALS

1905—Joe Jeannette knocked out Black Bill in 7th round. Black Bill had been one of the principal meat tickets of Jeannette, and Jack Johnson used to find him useful as an opponent. Tradition has it that there was once a great nearo fighter who called himself Black Bill, but it is suspected that Jeannette's meat ticket is not the original. At any rate, the record of the Hoboken black man is plentifully sprinkled with opponents who, at least, Joe has seldom had any trouble in whipping the mysterious Brunette. William, but a time or two Bill got to draw.

1892—Cal McCarthy defeated Tom Callaghan in 14 rounds at New Orleans.

WESTERN CANADA LEAGUE MEETING: MAY TRY SUNDAY BASEBALL THIS YEAR

Season Will Open May 4th and Close September 7—Sunday Games Would Be Exhibition Only.

Medicine Hat Jan. 27.—With delegates representing all clubs with the exception of Moose Jaw present, the Western Canada League board of control held an important meeting yesterday. The schedule was the main question before the delegates and took up considerable time. Four days stands will be played in the league during the coming season; last year they played three. President Fleming brought up the matter of the playing of street stands or four day stands, and Mr. Cairns of Saskatoon, in a letter to the president and Mr. Bell, representing the Saskatoon club, thought that four day stands should work out well. The delegates went into the matter thoroughly, and the feeling was that a great deal of transportation expenses would be saved by the four day stands, while at the same time it would help to make the series more interesting. Teams will move on Tuesdays and Thursdays on short jumps, and on Sundays on the long ones. As to what clubs would open the season in Medicine Hat, while they will get half of the opening day, this was left to a draw between Moose Jaw, Regina and the Saskatoon club. Moose Jaw drawing a ball for the Moose.

President Fleming reported that so far he has been unable to secure a regular travelling rate from the C.P.R. Near the close of the meeting there was a short session on the Allan cup. Some of the delegates would like to see it, while others were opposed to it. The Allan cup, which is a trophy of the Dominion, is a silver cup which is presented to the winner of the Dominion championship. It is a trophy of the Dominion, and is a trophy of the Dominion. It is a trophy of the Dominion, and is a trophy of the Dominion.

KNOCKING OVER TEA-PINS AT THE OLYMPIC ALLEYS

At the Olympic bowling alleys last night, the Capitals continued their winning streak by beating the Athletics two games, tying the third, but losing the play-off game. No Phone Orders---No Exchange.

A Splendid \$2.25 Corset in the Clean Sweep at \$1.69

IT'S undoubtedly one of our best selling lines, but there are to follow in the spring shipments and we're simply got to make room for them.

They are in the popular A La Grace make in heavy white French Cord, suitable for medium figure, with medium-low bust and long hip; fitted with spoon shape clasp with two hooks below and two pair strong elastic hose supporters; prettily trimmed with lace and ribbons. Size 21 to 26. Regularly \$2.25. **Clean Sweep Sale 1.69**

STOCKTAKING is over with for another six months and inventory sheets are totaled up. Still we find ourselves with surplus stocks of Furs. And, although their season of usefulness has only just begun, they'll soon have to give up the valuable space they occupy to the new spring stocks which are already beginning to pour in. The final clearance orders are to take cost and even less than cost for any piece of fur in the store, rather than break a hard and fast store policy of carrying no goods over from one season to another.
